

BLACK DIAMONDS

Are very scarce but every Lump of

Baskett Coal Is a Jewel.

That is the verdict of all houseskeepers who use BASKETT COAL as a fuel. It's good points are numerous.

IT'S AN ECONOMICAL COAL

For the reason that it gives more heat for the money than any other coal on the market. It makes a steady, lasting fire. Fill your stove or grate with it at night, close your drafts, and you've got a fire that lasts until morning. You do not have to use as much BASKETT COAL as do others, because it has more substance and weight to it than the fast burning coal.

IT'S A CLEAN COAL

The BASKETT COAL is clean. All good bituminous coal produces clinkers, so does the BASKETT, but it makes less clinkers and less ashes than most other varieties, and is, therefore an ideal grate or stove fuel.

BASKETT COAL

Is a superb fuel for use in flouring mills, tobacco factories, saw mills and manufacturing plants.

Special Prices in Carload Lots.

ADDRESS COMMUNICATIONS TO

Pittsburg Coal Company,

BASKETT, KY.

V. G. BABBAGE,

ATTORNEY AT LAW.

Will Practice in all the Courts in Breckinridge, Meade and Hancock Counties.

INTERESTING FACTS.

About Three Very Queer European Cities.

Two are Built on Islands and One on Plains.

The city of Ghent, in Belgium, is built on twenty-six islands. These islands are connected with each other by eighty bridges. The city has three hundred streets and forty public squares. It is noted for being the birthplace of Christopher Columbus, and of John of Gaunt, whom Shakespeare calls "time-honored Lancaster"; and as the scene of the pacification of Ghent, November 8, 1376, and of several insurrections, sieges, and executions of well-known persons. It is associated with American history by the treaty made there December 24, 1776, terminating the second war between England and the United States, known as the War of 1812.

Amsterdam, in Holland, is built on piles driven far below the water into the soil. It is built by many canals which are connected by three hundred bridges, and resembles Venice in the mingling of land and water, though it is considerably larger than that city. The canals divide the city, which is about ten miles in circumference, into many islands.

The city of Naples is built on eighty islets, which are connected by many hundred bridges. Canals serve for streets in Venice and boats, called gondolas, for carriages. The bridges are, as a rule, very steep, rising considerably in the middle, but have easy steps. The circumference of the city is about eight miles.—Philadelphia Times.

SAVED OUR LIFE.

Do Not Neglect the Kidneys and Bladder.

Doctors of these important organs cause Bright's disease, rheumatism, pain in the back, dropsy and other troubles. Disease sometimes gets a hold upon your kidneys and bladder before you realize that anything serious is the matter. Often these organs are neglected until that awful malady, Bright's disease, has fastened upon you, and death awaits its victim. Many cases of Bright's disease have been brought by a course of treatment with Dr. Davis' Kidney Tablets. These tablets are put up in the shape of a kidney bean, and the formula has been pronounced by the best physicians of modern times to be the most direct in action on the kidneys and bladder known to medical science. You can easily take these tablets as you would candy. Send for free booklet on kidney diseases. Sold by all druggists, or sent on receipt of price 60 cents and \$1.

A Fine Offer.

A usual interest to every reader of this paper is the following, now to be found in the issue of the St. Louis Globe-Democrat, unquestionably one of the greatest of American newspapers. That peerless paper can now be had by mail, every day, including the big Sunday issue, for only six dollars per year and that price, it is certainly within the reach of all.

The Weekly Globe-Democrat is issued in semi-weekly sections of eight pages each, making it practically a large semi-monthly, and almost equal to the average daily, at one dollar a year. This issue is just the thing for the farmer, merchant or professional man who has not the time to read a daily paper, but wishes to keep himself amply informed.

It is made up with especial reference to the wants of every member of the family, not only giving all the news, but also a great variety of interesting and instructive reading material of all kinds. Write for sample copies to Globe Printing Co., St. Louis, Mo.

Shouldn't Have a Father.

A mother is often a burden to her son, a long separation, she complained to him with feeling that he had not spent a single day entire with her since her coming, which was wholly to see his coming.

"Tell your firm you haven't seen your mother for five years," she urged. "It will give you a day or two."

"That would be a great day, but his wife is a fairies on his mother's side."

"Well, mother! you don't know what time I could give you a day, fast enough and then get a man who hadn't any mother."—Bazur's Bazaar.

Mr. S. A. Faquier, Editor of the Miami (Fla.) Herald, with his wife and children, suffered terribly with LaGripe and a Minnie Cough Cure was the only remedy that he found them. It acted quickly. Thousands of other uses, this remedy as a specific for La Gripe, and its exhausting after effects.—Short & Haynes.

A LONG VISIT.

It Exemplifies the True Southern Hospitality.

One of the longest visits on record is one that was made by a woman in the south. Perhaps such a thing could not have happened in a less hospitable part of the country, a refined woman with no home, no money, and no friends, for five days when women were expected to be married for and not going out into the world to look out for themselves. This woman went one day to spend the day with a friend, and she remained for twenty-five years. She outlived the father and mother of the family, took their places to rest in the hearts of the child, and so far as I can learn, was always happy and beloved, and giving in return for her home those services which cannot be hired.

Horrible agony is caused by piles, Skin and Skin Disease. These are immediately relieved and quickly cured by Dr. Wilt's Witch Hazel Salve. Beware of worthless imitations.—Short & Haynes.

FARM AND STOCK.

William Moore, of Stanford, sold to Danville parties a lot of corn at \$1.35 delivered.

Cucumber growers in one little Wisconsin town, where cucumbers were paid \$7,000 for their crop this year.

There are 108 cheese factories in Monroe county, Wis., and this year 10,000,000 pounds of cheese were made.

Ike and G. S. Shelly, of the Shelly City section, sold to Dolaney, of Clark, 40,700 pounds of hams at \$3 and a premium of \$1 per head.—Advocate.

The Stanford Journal notes the sales of several lots of hog at \$2.75 to \$3.80; lot of 100 hams at \$1.40 delivered; 25 yearling and two-year-old hams at \$3.

In Kansas the application of 20 tons of barnyard manure per acre caused an excessive growth of straw in wheat and failed to properly develop the grain.

Wills, of Cynthiana, bought for a Philadelphia party 23 male colts of Burton, of Garrard, and nine of M. S. Baumhauer, of Stanford, at an average of \$182.

Foreign trade in corn, wheat and potato starch has increased enormously.

Thirty years ago exports were but \$36,600 and during the past year the total was \$1,372,000.

John M. Van Meter, of Boyle, sold 61 registered short-horn heifers Monday for \$600, three of them being yearlings and two of them two years old.—Harrington Democrat.

Transplanting can only be successfully performed in well tilled ground. It must be thoroughly and deeply plowed and harrowed and until the cloths have disappeared.

Dr. Leach, state veterinarian, is warning farmers to beware of feeding rotten corn.

He says there is much of it in the country and that it will produce many ills to animals. It should be thrown away at once.

Two years ago it cost \$1.00 a bushel.

Two years ago it cost \$1.00 a bushel.</

Local Brevities.

Write it 1890.
River is falling.
How's this for winter weather.
Miss Eva May is on the sick list.
Mrs. Christopher Perrig is quite sick.
Fred Frazer spent Sunday in Henderson.
Mrs. Charles Elder is sick with the grippe.

Get a Start On Catarrh

And Save Endless Suffering which Winter Brings.

The most offensive of all diseases becomes more intense as cold weather approaches. In fact, many who have been under treatment for so long, and during the summer feel little discomfort from the disease, are almost cured. But the first chilling blast of winter proves that the disease is still with them, and as the winter advances, their Catarrh grows in severity. Those who have felt only a slight touch of the disease know that only cold weather is needed to develop the disease. What appears to be only a bad cold will prove more difficult to cure than formerly, and will return with more frequency, and will be long the disease is fully developed.

For years I suffered from a severe case of Catarrh, and took several kinds of medicines and used various local applications, but with little success. However, I was induced to try S. S. (Swift's Specific) and have never felt any effects of the disease since.

"B. McALISTER,
Brandenburg, Ky."

It is easy to see the importance of prompt treatment for Catarrh.

Those who get a start on the disease before the cold and disagreeable weather aggravates it, will find a cure less difficult. Catarrh increases in severity year by year, and becomes one of the most obstinate and deformed diseases that the human body can sustain. It is equally important that the right remedy be given. All local applications of sprays, washes, inhalations, etc., can never cure Catarrh, for they do not reach the disease. Catarrh is in the blood, and only a blood remedy can cure it. Local applications only irritate the surface; the right remedy must be taken internally.

Swift's Specific (S. S.) is the right remedy for Catarrh. It cures the disease in its early stages by going direct to the cause of the trouble—the blood—and forcing out the disease. Those who have met with so much disappointment from local treatment should try this remedy, and see how it works. It will cure their symptoms, and give them strength and courage to take S. S. A cure will result. Send for books. Address Swift Specific Company, Atlanta, Georgia.

the wide spread dissatisfaction that prevailed with the system. He enumerated the glaring deficiencies one, the "absence of local aid." I expect many of the young people will say that—lack of organization, lack of discipline, lack of respect to teachers will be the downfall of any school, city or rural.

The birth of a new year has great significance to all of us. It does not fail to many of us to be called upon to receive executive functions or the public in general. We naturally retrospective and say, "How much we have had the color of a rose or vine. It lies in our power to make or unmake "good days as we step over the line."

Every young man and every boy should read Andrew Carnegie's letter in last Sunday's Courier-Journal. Concentration is his motto. Honesty, Industry and Integrity are the friends of success. Wealth limited, but no man should be allowed even a million. Well I give you or me Carnegie's wealth today, in the course of years he'd have it back while you and I would step down. We lack concentration. See?

Sad occasion though it was I enjoyed being with three Dito boys who were my friends in going and in the dorm room with me. Mr. Walter Dito is a very bright woman and was the Vine Green correspondent for the "Independent" published at Elizabethtown, "Maggie." Tommie's wife, Jennie Dito is a beautiful, little woman. Dito's wife is a professional nurse, doing splendidly with the Shreveport Hospital.

Will Richardson form a part of the county, but for sometimes a residence of Tennessee near Memphis, died Dec. 20, of pneumonia. He married a sister of Wm. Bewley and Mrs. Alice Richardson of this place, and was a brother of D. S. Richardson and Mrs. R. H. Nevitt. He leaves a wife and several children. His wife is Anna Mattingly, of Glendale, is the godmother. Sue, Julia and Lulu Rhodes this week.

Moses, Wave and Ed Beard of Hardinsburg, were visiting their aunt, Mr. Bill Jarcer, last week.

Miss Maggie Rhodes and Elle Storms dined very sumptuously with Mr. and Mrs. Rob Spencer Christmas day.

Charly Jarcer is getting along right badly during these disagreeable days. He keeps his bed most all the time.

From this vicinity attended the dance at Mr. Dito's last Wednesday evening and spent the evening.

Mr. John Coomes and John Kennedy, of Kirk paid some of our girls a visit last Sunday night and Monday.

Miss Sue Rhodes treated her friends to another one of her nice parties last Thursday night and of course all had a gay time.

Misses Julia and Lola Rhodes were guests at Mr. L. Coomes' last Wednesday evening and attended the dance.

Mr. John Coomes and John Kennedy, of Kirk paid some of our girls a visit last Sunday night and Monday.

Miss Sue Rhodes treated her friends to another one of her nice parties last Thursday night and of course all had a gay time.
